ABOUT ME

High-honor graduate with a strong foundation in software development, proficient in C#, with hands-on experience building applications. Eager to leverage strong problem-solving skills and a passion for technology to contribute to innovative projects in a collaborative environment.

EDUCATION

2020 - 2024
AMA Computer College

Bachelor of Science in Information Technology
Completed a BSIT program with a of GWA: 1.17 **(Summa Cum Laude)** focused on software development, database systems, and network security, including a capstone project titled "Web-Based Management System for Parak Clothing," which focused on streamlining inventory tracking, sales monitoring, and administrative operations.

2018 - 2020
University of the East

Accountancy, Business & Management
Studied core business and accounting principles, gaining foundational skills in finance, management, and entrepreneurship.

2008-2016
St. Paul Christian School

Primary and Secondary Education
Built a strong academic foundation with emphasis on Math, Science, and English, developing analytical, problem-solving, and communication skills through advanced coursework and school activities.

EXPERIENCE

2023-2024
AMA Computer College

Information Technology Staff
I gained experience in teaching students, serving on defense panels, providing IT and technical support, handling encoding and recordings, and assisting as a front desk representative.

2025
PJ Lhuillier

Business Client Relation Associate
Served as a Front Desk Specialist, overseeing verification of gold and documents, safeguarding vault assets, and managing customer transactions efficiently, ensuring accuracy and security in all operations.
